

FINANCIAL FLURRY.

Call For a Close Down of Stock Exchange.

One Hundred Thousand Dollars Paid Out In Half Hour to Scared Depositors by One Bank Yesterday Just Before Closing Time.

[By special wire to THE ARGUS.]

New York, Oct. 23.—After an all night conference the Knickerbocker Trust Company's directors this morning decided that the bank will not open its doors again in its present shape.

Interest has now shifted to the Trust Company of America and the Morton Trust Company.

Secretary of the Treasury Cortelyou, who arrived in New York last night, held a conference at the hotel Manhattan lasting into the early hours this morning, with leading financiers, including J. P. Morgan and other members of his great house.

In the last half hour of business yesterday the Morton Trust Co. paid out on demand \$100,000 to depositors.

The rumor is current today that Thomas F. Ryan has been asked to resign from this company although Mr. Morgan denies it.

An appeal has been made to the governing committee to close the Stock Exchange till next Monday.

There is much excitement over the financial flurry, and the Stock Market, in consequence, opened in a demoralized condition.

Owing to fresh anxiety aroused by the position of the trust companies there is considerable excitement in the cotton market also today, the undertone being weak, with prices down 20 points.

New York, Oct. 24.—It is now learned that it will require the decision of the war department, which will be given out in a few days, to decide whether the German balloon "Pommern" or the French airship "Isle De France" won the aerial contest.

THE NEW YORK SITUATION.

Four More Banks Have Suspended.

The Panic, However, is Subsiding, and it is Probable Things Will Adjust Themselves More Speedily.

[By Special Wire to the ARGUS.]

New York, Oct. 25.—Four other New York Banks suspended payment temporarily this morning. These are the United States Banks, with a \$1,000,000 of deposits; the Brooklyn Borough Bank, with \$3,250,000 deposits, and the United States Trust Company.

At the Trust Company of America, great stocks of crisp, U. S. Treasury and National Bank notes, and great piles of yellow gold filled the table in the Paying Teller's room, when business opened to-day.

There was a much smaller number of depositors on hand to withdraw, and some of these retired without doing so. This bank paid out twenty million yesterday and the day previous.

The Lincoln Trust Company opened on time and announced it was ready to pay everybody who wanted their money.

Yesterday the Lincoln Bank paid out one and a half million.

It is announced to-day that the Knickerbocker Trust Company people have set to work to resurrect that institution and put it on its feet again. All its depositors will be paid in full, it is declared.

The fourth Bank to close its doors this morning is the Brooklyn Bank, Fulton and Clinton streets, with a capital of \$300,000 and deposits \$2,110,430.

PITTSBURG ALSO STRUCK.

Pittsburg, Oct. 24.—The Iron City Trust Company has passed into the hands of receivers, following the appointment of receivers yesterday for the Westinghouse Companies.

The Bank is solvent and creditors and depositors will lose nothing.

DEPENDENT PEOPLES PROBLEM.

Lake Mohonk Conference of Friends of The Indian and Other Dependent Peoples.

[By Special Wire to the ARGUS.]

Mohonk Lake, N. Y., Oct. 23.—The Mohonk Conference of Friends of the Indian and Other Dependent Peoples, which convened here today, has attracted an unusually large number of prominent persons. The sessions are to continue until Saturday, and the discussions will cover the Indians, the Philippines and Hawaii.

Francis E. Leupp, commissioner of Indian Affairs, will personally conduct one session, to be given exclusively to officials in the Government Indian service. At another session religious work among the Indians will be discussed, the leading speakers being Bishop W. H. Hare, of South Dakota, Bishop Joseph H. Johnson, of California, and Bishop E. R. Hendrix, of Missouri.

The condition of the people in the Philippines will occupy much of the attention of the conference. Speakers who will be heard on this subject are Arthur F. Odlin, formerly judge of the Philippine Court of First Instance; Paul Charlton, of the Bureau of Insular Affairs; Congressman W. A. Jones, of Virginia; Michael E. Driscoll, of New York; W. Burke Cockran, of New York; Thomas Lawlor, of Boston; Rev. Dr. Charles C. Creagan, of New York, and C. H. Clark, of Hartford, Conn.

Leaders in the discussions on Hawaii will include Bishop Henry B. Restarick, Frank M. Hatch, Dr. N. B. Emerson and A. Lewis, Jr., all of Honolulu, and Congressman Charles E. Littlefield, of Maine; George E. Lilley, of Connecticut; and Arthur L. Bates, of Pennsylvania.

S.S.S. CURES SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease.
